1. Print this page on A4 at 100% scale (no "fit to page"). Check the scale box on the right.
2. Cut out the ring sizer strip and cut a slot at the dashed line (do not cut all the way across).
3. Insert the pointed end of the strip through the slot to form a ring.
4. Wrap it around the desired finger and read the size at the marked line. Fit should be snug.
5. If you are between sizes, size down for a snugger fit or up for more comfort.
6. Already own a ring? Place it on the chart below and match its inside edge to a circle.
